MEETING DESCRIPTION:

This meeting will share information on ENFit adoption globally as well as in the US.

Lurie's ENFit implementation Team will present their successful transition to ENFit, including challenges and lessons learned.

Breakout sessions will offer an opportunity for area hospitals, home care providers and enteral vendors to collaborate regarding the new ENFit connector transition.

Discussions surrounding implementation plans and how this change will impact various departments within a health care system as well as partner hospitals will be the main focus.
